GROW YOUR WEALTH

presents

#SHEINVESTS

Empowering women with investment decision making, in the august presence of **Mrs. Anupama Chauhan, wife of Chief of Defence Staff, General Anil Chauhan** and other ladies of the Integrated Defence Services (IDS).

CELEBRATING

THE MAGIC OF MONEY

"When you invest, you are buying a day that you don't have to work."

-Aya Laraya

A WARM WELCOME SETTING THE TONE

A gathering of forty women coming from diverse educational, cultural and linguistic backgrounds to form a perfect audience, merging into the flow of the evening.

INVEST WITH INTENT

Women investors tend to outperform men over the long term because women are inherently drawn to goal-based investing.

WHY FINANCIAL PLANNING MATTERS

Our ladies engaged in conversation around financial planning, asked questions and took home some investment wisdom along with them.

OUR PARTICIPANTS

On a rainy Saturday evening in August 2024, our team geared up for special edition of **#SheInvests** at the Trident Officers Mess in Delhi. We brought together a diverse group of women for an interactive workshop on something close to us yet so far. Yes, money matters. Forty women from the Integrated Defence Services family sat down in a relaxed setting to engage in a conversation on money matters, investments and gold. Over mocktails, snacks, fun games and some soulful music, we looked at the ways in which women can create their own financial wellbeing.

Who is managing our money?

Our goals and life situations are unique to us. So should our investment plan be that is designed keeping our current financial situation, risk profile and future goals in mind. Let's not follow what others are doing with their investments.

MONEY TRIVIA

Money matters need not always be serious. That's what we believe in. So to make it fun, we wrapped up our conversation on money and investments with a really cool Money Trivia. Ah! from gold prices to Rs.10 notes, we had it all covered.
